

Hiproute Meeting Agenda 11/20

- Review MVP
 - Test run of current app
 - Get TA's suggestions
 - Reasonable additional features
 - Whether UI user friendly
- Review Feedback on Design
 - The points we missed and how to improve
 - Design choices:
 - Restrict map to a fixed area?
 - Click to set as origin/destination?
- Challenges
 - Google Geocoding API
 - Multiple async calls, sort at the end, now implemented as sort every time.
